**Dr. Alan
Wolfelt**

Our guest has been recognized as one of North America's leading death educators and grief counselors. His books have sold more than a million copies worldwide and have been translated into many languages.

Dr. Wolfelt founded the Center for Loss in 1985 to offer education and support to both griever and bereavement caregivers. He is known around the world for his compassionate messages of hope and healing as well as his companioning philosophy of grief care.

This program will help anyone who is experiencing grief to understand how loss influences our lives. You will be able to embrace the uniqueness of your grief, reflect on your feelings of loss, learn about the six essential needs we all have when someone dies, and come to understand the difference between “reconciling” your grief and “resolving” your grief. Participants will be able to quietly reflect on their losses and honor their own unique grief journey.

Space is limited, so please register early to ensure your seat.

The 2026 Grief Conference is graciously sponsored by the Whatcom Hospice Foundation. Donations are appreciated at WhatcomHospice.org.

Presented by the Whatcom Hospice Foundation and the Whatcom Hospice Bereavement Services Team.
